Order #	Pic	Heirloom Name/Variety	Description
<h3>Vegetables</h3>			
04-100		<b>Beans:</b> Lewis*	Yields dark green beans, crisp, juicy flavour and excellent eating quality. 25/pkg
04-101		<b>Beefsteak Tomato *</b>	12/Pkg
01-100		<b>Beefsteak Tomato:</b> Aunt Ruby's German Green *	5" green to yellowy-green and extremely tasty! Best tasting green tomato on prolific, indeterminate plants. Well worth a try
01-101		<b>Beefsteak Tomato:</b> Big Rainbow *	One of the prettiest bi-coloured tomatoes, growing up to 2 lbs. Delicious and sweet. Striking when sliced as the yellow fruit has red streaking through the flesh
01-102		<b>Beefsteak Tomato:</b> Black Brandywine*	4" dark purple skin, juicy and fruity tomatoes on indeterminate plants, very flavourful
02-100		<b>Beefsteak Tomato:</b> Carolina Gold*	4" tasty golden slicing tomato, 5/pkg, 2021-23
01-103		<b>Beefsteak Tomato:</b> Carolina Gold*	4" tasty golden slicing tomato on productive plants
01-104		<b>Beefsteak Tomato:</b> Cherokee Purple*	Up to 6" dark purple-red tomatoes, very complex and delicious flavour on prolific, indeterminate plants – a winner
01-105		<b>Beefsteak Tomato:</b> Costoluto Genovese*	Rich and meaty Italian heirloom, 3" red lobed tomatoes also good for sauce, prolific indeterminate plants.

\* **Heirloom** seeds come from open pollinated older varieties of vegetables and flowers that have been carefully passed down from generation to generation. They have a rich history, flavour, beauty, productivity or other unique desired qualities, and biodiversity. Heirloom varieties have shown their value for a very long time.

\*\* **Open-Pollinated** seeds are not hybrid plants and therefore you can save your own seeds

\* **Heirloom** seeds come from open pollinated older varieties of vegetables and flowers that have been carefully passed down from generation to generation. They have a rich history, flavour, beauty, productivity or other unique desired qualities, and biodiversity. Heirloom varieties have shown their value for a very long time.
